www.thinkasklearn.com.au

Benefits of the Course

- The course is delivered in intensive mode , which is equivalent to a 10/12CP (one semester) tertiary course in teaching and study time
- Direct “face to face” teaching by highly experienced nurse educators
- A very clinically relevant course
- All course notes and resources provided
- “Hands on” practical teaching for ALS and assessment skills.
- ALS Certification Course (Accredited & Endorsed Course) for RNs and Principles of ALS for UGs
- Eligible for 45 CPD points
- Grading transcript/certificate for credit application into university programs

Assessment Stream

The course is offered using multiple assessment streams to provide the best opportunity for students to access credit into other formal tertiary health care programs.

Students can choose from three levels of assessment.

Non– Assessment Stream:

1. Professional Development: Attendance Only

Assessment Stream (Tertiary Standard):

2. Bachelor Level
3. Masters Level (RN’s only)

PLEASE NOTE: This course is recognised for credit articulation in both undergraduate and postgraduate nursing programs. However, It is the student’s responsibility to ensure studying the course is compliant with their individual study requirements for both domestic and international

About the Presenter:
